

Ontario Shores  
Centre for Mental Health Sciences

*Discovery. Recovery. Hope.*

**Clinical Fellow  
Adolescent Psychiatry, Eating Disorders  
Full Time (1 year)**

**WHO WE ARE:**

Ontario Shores Centre for Mental Health Sciences (Ontario Shores) is a public hospital that provides inpatient, outpatient and consultation services for people with complex mental illness. Our patients benefit from a recovery-oriented environment of care built on compassion, inspiration and hope. We engage in research, education and advocacy initiatives to advance the mental health care system and are proud to work with partners across the continuum of care. If you thrive on innovation and positive change, and share our vision of Recovering Best Health, Nurturing Hope and Inspiring Discovery, Ontario Shores is the place for you. We are a community-affiliated hospital with the University of Toronto, and regularly receive medical students and residents; the host academic institution for the Fellowship would be the University of Toronto.

**Position Description:**

Ontario Shores seeks a full-time Clinical Fellow for a tailored fellowship opportunity with the principal aim of increasing eating disorder clinical, teaching, research and system capacity. Ontario Shores offers flexibility with this position depending on the area of expertise and interest. The Fellow would be expected to contribute to the academic life of Ontario Shores, and the University of Toronto as well, including through engagement in teaching, quality improvement work, and/or research, to be determined with the applicant.

The Eating Disorders Unit (EDU) is comprised of 12 inpatient beds for children and adolescents. The Fellow will work with an inter-professional team including dietary, medical, occupational therapy, social work, physiotherapy, recreational therapy, pharmacy and behavioural therapy to provide specialized assessment and treatment plans with a focus on recovery and rehabilitation.

**QUALIFICATIONS REQUIRED & PREFERRED:**

- Candidates must be eligible for a Certificate of Registration for Postgraduate Education or an Independent Practice License from the College Physicians and Surgeons of Ontario.
- Sub-specialty psychiatry training in child and adolescent psychiatry
- Candidates must be eligible for registration with the University of Toronto, Fellowship Office. Trainees who are neither Canadian citizens nor Permanent Residents require a work permit to train at the University of Toronto.
- The successful candidate will have demonstrated academic interest, and the leadership skills to work with an inter-professional team.
